Gel is sometimes called a 'pre-mixed' system as it does not need another product or chemical for it to work. What it does need however, is an ultraviolet (UV) light or LED light to make it cure or set.

During the UV Gel Nail Extension Training Course you will learn: Nail preparation
Tip application and blending techniques Application of gel
Maintenance procedure Removal of nail extensions

What qualification will I receive?

When you have successfully completed your UV Gel Nail Enhancement training course you will receive a fully accredited Guild Diploma. This not only demonstrates your commitment to the training, but also allows you to obtain Public Liability insurance so you can start offering treatments to paying clients.
